Lifelong learner, and energized by complex problems, I discovered my passion for software development after graduating with my Bachelor's in Communication. I have 1 year of Full Stack Developer experience and I am eager to continue growing my skill set. I pride myself on continuously increasing the value I provide to my community, and I am looking to deliver my potential to an organization who shares my motivation.

RECENT EXPERIENCE

Carlsean.com | Personal Portfolio Site

2021 - 2022 | Remote
- View my portfolio site with the link in the top right of this page, or visit https://carlsean.com/
- This Site was built to showcase my skills as a developer, and to display three of my personal projects
- The section at the bottom of this resume shows the technical skills I've developed in my experience

Parker Personal Care Homes | 1:1 Direct Support Professional

2019 - 2022 | Arvada, CO
- 2021 Colorado Direct Support Professional of the Year Semi-Finalist
- Provided support to people with developmental disabilities in a day program/community setting
- Carefully observed interfering behaviors to determine root causes and design informed solutions
- Reported independent observations to a team and workshopped successful intervention techniques
- De-escalated client when in crisis and employed pre-established rapport to seize post-crisis as an opportunity for development
- Fostered a meaningful relationship while working with the client to create a balanced schedule that was fulfilling, and encouraged positive community connections
- Recorded detailed notes about daily activities, seizures, and crisis situations
